

POTOMAC EDISON'S INSTANT HVAC DISCOUNTS CUSTOMER FAQs

- 1 Is my business eligible for the Instant HVAC Discount?** All Maryland Potomac Edison commercial and industrial customers are eligible for the Instant HVAC Discount.
- 2 How does the Instant HVAC Discount work?** When you purchase qualified equipment from a participating distributor, the cost of the item will be instantly reduced by the predetermined discounted value of that specific equipment. Purchase price, minus the discount, equals the discounted purchase price.
- 3 What types of HVAC equipment are eligible for the Instant HVAC Discount?**
 - Air source air conditioners and heat pumps
 - Packaged terminal air conditioners (PTAC)
 - Packaged terminal heat pumps (PTHP)
- 4 Where do I find a participating distributor?** A list of participating distributors is available on the program website at energysavemd-business.com.
- 5 Can I purchase equipment using the Instant HVAC Discount and then submit an application for an incentive?** No, if you choose to use the Instant HVAC Discount, then your project is not eligible for additional incentives using the regular incentive process.
- 6 What will I need to provide to the distributor to get the Instant Discount?** You will need to provide your Potomac Edison account number, the name and address of the business where the equipment will be installed, and some contact information.
- 7 How do I know if the Instant HVAC Discount is the right incentive program to use?** Review your options with your contractor or selected distributor or contact our program team at 855-801-5803. We will be happy to help you determine the right choice for you and your business.
- 8 Are new construction projects eligible to receive these incentives?** New construction is not eligible for the Instant HVAC Discount; however, it is eligible through our standard Energy Solutions for Business Program. Visit energysavemd-business.com for more information.
- 9 Can I purchase equipment for future needs using the Instant HVAC Discount?** No, all equipment sold using this program should be installed within 90 days following the purchase.
- 10 Can I use my own contractor to install the equipment?** If you hire a contractor to do the work, the contractor could make the purchase at the distributor for you. They would need your Potomac Edison account number, the name and address of the business where the equipment will be installed, and some contact information. The distributor would then provide your contractor with the new equipment at the reduced price.
- 11 Will there be an inspection of my project?** Potomac Edison and/or its program administrators reserve the right to verify the installation of the equipment that was purchased by the participant and rebated by the Instant HVAC Discount.
- 12 Can I use the Instant HVAC Discount more than once?** Absolutely. We understand that there are many reasons why you might choose to purchase over time. Feel free to return to the distributor again.

EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to energy.maryland.gov/Pages/Facts/empower.aspx.

By participating in energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights, which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program.
