Small Business Direct Install Program

Book an on-site energy assessment now to see how you can save up to **80%** of total project costs.

Savings to Help Your Business Thrive

The Potomac Edison Small Business Direct Install Program provides energy-saving improvements for small businesses with an average annual demand of 100 kW or less.

Get started today to see if you qualify for energy-saving measures at no additional cost.

Benefits include:

Lower operating costs

Enhanced lighting, safety and workplace comfort

Reduced emissions from daily operations

Reduced maintenance costs

Long-term energy savings

Save up to 80% + Stack Your Savings

Potomac Edison's Small Business Direct Install Program offers incentives, covering **up to 80%** of total project costs.

Additionally, customers may be eligible to receive an extra 10% of the program's defined incentive amount if they are classified as government, nonprofit or institutional.

What This Means for Your Business:

- Lower upfront costs and quicker ROI
- Significant savings on energy-efficient upgrades
- Expert support every step of the way

EmPOWER Maryland programs are funded by a charge on your electric bill. EmPOWER programs can help you reduce your electricity consumption and save you money. Go to energysaveMD.com to learn more about EmPOWER and how you can participate.
